## HARD HATS, SOFT HEARTS

### Gifford Youth Achievement Center Receives Grant

Gifford Youth Achievement Center held a hard hat tour to view the progress on the construction that broke ground last June. At the tour, Jeff Pickering of Indian River Community Foundation presented GYAC a check for \$100,000 to help fund the expansion. The new building will include eight classrooms, a computer room and a meeting room, and will allow the center, the “beating heart of Gifford,” to serve even more members of the community.
